## SOUTH HAMPTON TOWN REPORT

### WARRANT FOR THE ANNUAL TOWN MEETING STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of South Hampton in the County of Rockingham in said state, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday the 9th of March next, at One o'clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To raise and appropriate money for the support of highways and bridges.
4. To see if the town will vote to raise and appropriate the sum of \$228.97 for the improvements of class V roads.
5. To see what sum of money the town will vote to raise and appropriate for Winter Maintenance of highways.
6. To see what sum of money the town will vote to raise and appropriate for the Public Library.
7. To see what sum of money the town will vote to raise and appropriate for the care of cemeteries.
8. To see if the town will vote to authorize the selectmen to administer, sell or otherwise dispose of any real estate acquired by tax collector's deed; any sale to be either by private sale to the previous owner, or public auction with selectmen retaining the right to reject any or all bids.
9. To see if the town will authorize selectmen to hire money in anticipation of taxes.
10. To see if the town will vote to raise and appropriate the sum of \$10.00 for Sibley Relief.
11. To see if the town will vote to raise and appropriate the sum of \$200.00 for Miscellaneous Purposes.
12. To see if the town will vote to raise and appropriate the sum of \$1,500.00 for the use of the Newton Dump.
13. To see if the town will vote to raise and appropriate the sum of \$200.00 to be placed in Capital Reserve Fund for the purpose of reconstruction of Capp's Bridge, so called.
14. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for Town Hall Maintenance.
15. To see if the town will vote to raise and appropriate the sum of \$1,200.00 for the support of the Police Department.
16. To see if the town will vote to discontinue and make

## SOUTH HAMPTON TOWN REPORT

subject to gates and bars the following portions of old Route No. 150, so called:

From the Northerly sideline of Highland Road, so called, to a point which is 220 feet Southerly of the Kensington Town Line and from the Southerly sideline of Highland Road, so called, to a point, which is 200 feet Northerly of the center line of the stone culvert.

Also to discontinue winter maintenance of portions left open.

17. To see if the town will vote to raise and appropriate the sum of \$100.00 for the expenses that may be incurred by the local Planning Board.

18. To see if the town will vote to raise and appropriate the sum of \$200.00 for use by the Conservation Commission.

19. To see if the town will vote to raise and appropriate the sum of \$200.00 for the maintenance of the Water Holes.

20. To see if the town will vote to raise and appropriate the sum of \$50.00 for the control of dogs.

21. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for improvements to town ball park.

22. To see if the town will vote to raise and appropriate the sum of \$1,200 — for fencing of 107A side of Town Common.

23. To see if the town will vote to become a member of Southeasterly New Hampshire Regional Planning Commission. This Commission will have membership of at least two of the municipalities in the area. The objective of this Commission is to plan for and encourage regional planning analysis, provide consensus on major problems of regional concern and to assist in the effectuation of projects which extend beyond the boundaries of a particular town. The Commission will have no jurisdiction over any matter of local affairs. It will be primarily advisory. Two members of the regional planning commission shall be from South Hampton to be appointed by the Selectmen.

24. To see if the town will vote to appropriate the sum of \$198.60 to finance studies to be conducted by the regional planning commission. These monies will be used for financing planning studies which must be approved by the regional planning commission. These funds may be used in conjunction with other state and federal funds available for planning purposes.

The State Law relating to regional planning is Chapter 36:37-44 RSA, 1955, as amended by Chapter 272, Laws of 1955.

25. To see if the town will adopt the following Building Code Amendments:

I. Amend Article I, Section 2, Sub-section (e) by striking it out and substituting a new Sub-section (e) as follows:

## SOUTH HAMPTON TOWN REPORT

"(e) Every dwelling shall have a minimum ground floor area of 800 square feet for each family unit."

II. Amend Article I by adding thereto a new Section 8 as follows:

"Section 8 Multiple Dwellings — A multiple dwelling shall be located on a building lot having a frontage of not less than 200 feet and containing one acre of land for the first family unit, and for each additional family unit there shall be an additional 100 feet of frontage and an additional acre of land.

Multiple dwelling as used herein shall mean a dwelling occupied by 2 or more family units."

26. Shall the provisions of Chapter 287 of the revised Annotated relative to playing games of beano be adopted in this town.

27. To see if the town wishes the selectmen to set up and appoint a five member Recreation Commission.

28. To transact any other business that may legally come before this meeting.

## AUDITOR'S REPORT

This is to certify that we have examined the books and other records of the Selectmen, Tax Collector, Trustees of the Trust Funds, Town Clerk and Highway Agent; also the bank statements, cash books and other financial records of the Treasurer of the Town of South Hampton for the fiscal year ending December 31, 1970 and that we find them correctly cast with vouchers for all bills paid.

Respectfully submitted  
PHILIP IMBRESIA, SR.  
WALTER ROSS  
Auditors

## **SOUTH HAMPTON TOWN REPORT**

### **REPORT OF FIRE CHIEF**

I am glad to report there were no house fires in the town in 1970 and no fire loss. I want to thank everyone for their help in keeping fires down.

**ALBERT GRAY**  
Fire Chief

### **REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF**

The fire season of 1970 was not a quiet one in this area, on the contrary, it was a very busy time with some towns reporting a greater number of fires than in past years. The record is not good.

Both state and towns are striving to meet this challenge. Results show that we are not doing enough, we must do more in the matter of fire prevention education, a more active inspection program and a more prompt, complete investigation of fires where definite cause is not known with court action where the need is indicated.

We must insist that minor children are given needed supervision, this is a parent's responsibility.

Your Warden and District Chief stand ready to help in this work.

Our gratitude to all who have helped in forest fire prevention and suppression this past year and we look forward to this continued help in our effort to improve our good prompt detection system and fast suppression action. This, coupled with a good prevention program, will improve our fire record.

Follow these simple suggestions to help:

Set a good example for others by observing fire permit laws and regulations; take your debris and waste to the town dump; keep matches away from children and be sure your smoking material is dead out when discarded.

Number of fires reported and acres burned — 1970 season:

State	484 fires	244 acres
District	189	170
Town South Hampton	1	0

**RALPH STEVENS**  
District Fire Chief

Again as in the past I wish to thank all departments and persons who worked along with us this past year. We have answered many, many varied calls. We have had our share of accidents and house breaks. We have tried to be of assistance to all local groups — on all occasions we have worked sometimes long hours and through the night. We have tried to serve you, the taxpayers to the best of our knowledge and for the interest of the town.

Thank you,  
The Police Department  
JOHN SANTOSUOSSO  
Chief

### **REPORT OF HEALTH OFFICER**

In 1970 there were 9 applications for Disposal work.  
All work was completed in regard to local and state regulations and inspected by me.

**FRANCIS E. SMITH**  
Health Officer

### **REPORT OF THE PLANNING BOARD**

The Planning Board has met many times in the year of 1970 and considered routine problems. Several requests for building single houses on back acreage with no road frontage have been received. With our numerous acres of back land we must consider being practical and most of all fair with the taxpayers involved. We must consider open spaces but also must look to future development of our town. Your Planning Board considered an increase in the first floor footage from 600 to 800 sq. ft. necessary and proposed same on the ballot. Also a multiple dwelling bylaw we felt very necessary, entered on the ballot. There have been no member changes this year. We are striving to do our very best for the town and thank you for the trust placed in this board.

## **SOUTH HAMPTON TOWN REPORT**

### **REPORT OF LOCAL CIVIL DEFENSE DIRECTOR 1970**

#### **COMMUNITY SHELTER PROGRAM**

A letter of intent has been forwarded to the New Hampshire Civil Defense Agency, making the town of South Hampton eligible to be included in the Community Shelter Plan for Rockingham County. The following information explains this program.

Emphasis has been placed on developing a Community Shelter Plan (CSP) for every community throughout the nation.

CSP is the foundation of local emergency readiness with an objective of insuring that each citizen knows "where to go" and "what to do" in the event of nuclear or other disaster.

Because of the possibility of such disasters, importance has been placed on a fallout shelter program with the goal of providing everyone in the entire country with protection from radioactive fallout. In some cases, the best available shelter may not fully meet the standards as a public fallout shelter but will, nevertheless, provide substantial life-saving protection.

Basically, the CSP develops practical procedures in each community to: (1) make the best use of available fallout protection; (2) get survival information to each citizen; and (3) prepare each department of local government in meeting its expanded responsibilities in time of major disaster.

The Federal Government will also provide 100 percent funding for the costs of printing and, as necessary, of distributing the CSP information materials to the local people.

All program papers and progress reports have been submitted to the New Hampshire Civil Defense Agency and were approved for 1970.

#### **Local Civil Defense Emergency Warning**

Stationary and mobile sirens will be used as warning devices.

The standard, established Civil Defense tactical warning signals are:

(a) "Alert" — A three to five minute steady tone.

(b) "Take Cover" — A wailing tone of three to five minutes duration.

LLOYD CURRIER

**REPORT OF OVERSEER OF THE POOR**

One Case of Old Age Assistance	
Old Age Assistance	\$173.00
Town Poor — Surplus Food	\$39.54

CALVIN E. EATON  
Overseer of the Poor

**REPORT OF THE SCHOOL BUILDING COMMITTEE**

The Committee has completed the first phase of its work, which was to arrange for a topographical and bounds survey and soil tests of the land given the Town by Albert E. Gray. After interviewing several applicants, we selected Town Planning and Engineering Associates of Amesbury to do the job. We also worked closely with the New Hampshire Water Supply & Pollution Control Commission and the Soil Conservation Service of the U.S. Department of Agriculture.

Members of the Committee spent many hours on the site and Noel Roy donated the use of a backhoe to dig test pits. Results of the tests and survey indicate there should be a minimum of difficulty in meeting state requirements for subsurface disposal of sewage.

The site itself is far more attractive than is apparent while driving along Route 107A. The first 50 feet in from the road is muddy in the spring (a condition which can be corrected), and then the land slopes upwards and becomes very beautiful.

## SOUTH HAMPTON TOWN REPORT

### REPORT OF THE CONSERVATION COMMISSION

Farsighted action for the protection of our environment by today's residents of South Hampton will determine its condition for future inhabitants. This Commission has been evaluating its task, seeking worthwhile and workable procedures in order to execute wisely any activities which may be conducted as authorized under RSA 136:A, N. H. laws.

By vote of the town, we are empowered to promote and develop the natural resources, protect the watersheds, research land use and coordinate other related groups. We are responsible for indexing all open spaces and marshlands and for recommending to town officials and state departments the proper use of the town's natural areas. Upon selectmen's approval, we may hold land and money in the name of the town.

The Commission has met with area, state and national conservationists in a broad-based approach to understanding ideas and methods — for ecology knows no boundaries.

We held a Candidates' Night last October, inviting all those seeking office in the ensuing state and federal elections, that they might set forth their attitudes and policies toward conservation. The consensus of opinion yielded a need for concern but also the admittedly limited knowledge of ecological issues.

Membership has been taken in the newly formed Association of N. H. Conservation Commissions. This Association employs an executive officer and will provide us with guidance and assistance.

The Second Regional Conference of New England Conservation Commissions was held in Bedford in November for four action-filled days. We were in attendance at the varied sessions, accompanied by Jewell Currier, a member of the Board of Selectmen, and by Mrs. Ruth Miller, a member of the Library Trustees.

Plans are now underway to establish a citizens' sub-committee, to circulate a questionnaire and to carry out a natural resource survey. Promotion of education and communication, relating to land, air, and water conservation, will be stressed in our efforts to protect the vital health and happiness of all residents in the town of South Hampton. Projects will be conducted with the children and youth of the community, in the library, establishing an out-door classroom, and sponsored a contest on conservation. The contest prize will be a campership at the Youth Conservation Camp at Bear Brook State Park, from June 21st to June 27th.

## SOUTH HAMPTON TOWN REPORT

We ask and welcome advice and support of all interested in Conservation. Increasing population and land development can result in resource abuse.

An arrangement for the town to lease the Powow State Forest is under consideration. This could make possible the establishment of a public area for recreation and conservation. We must proceed wisely so as to insure safely the inheritance we create for tomorrow.

Meanwhile, we can take pleasure and pride in journeying together, planning and fulfilling projects designed to safeguard our town's natural beauty and its country-side, treasured by older residents and sought by newer ones. The process of our environmental change involves and affects each living person and every inanimate thing — linked in the web of life on Earth — separate only in the minds of some at the peril of all.

#### **STATE OF NEW HAMPSHIRE**

To the Inhabitants of the School District in the Town of South Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

**YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SAID SOUTH HAMPTON ON TUESDAY, MARCH 23, 1971, AT 8:00 O'CLOCK IN THE EVENING, TO ACT UPON THE FOLLOWING SUBJECTS:**

**NOTICE:** School District Officers to be elected at the town meeting to be held at the South Hampton Town Hall beginning at 2:00 P.M. on Tuesday, March 9, 1971) in accordance with the statutory election procedures adopted by the District at its March, 1966 Annual Meeting.

1. To see what action the District will take relative to the reports of Agents, Auditors, Committees, or Officers chosen.

2. To see if the District will vote to establish a contingency fund to meet the cost of unanticipated expenses during the year, and further, to see if the District will appropriate the sum of five hundred dollars (\$500.00) for this purpose.

**NOTE:** This is an annual article required by R. S. A. 198:4b. There is no money raised by taxes since the amount is budgeted both as income and expenditure.

3. To see if the District will raise and appropriate the sum of five thousand dollars (\$5,000.00) to be placed in the capital reserve fund created at the March, 1965 meeting for the purpose of "constructing, reconstructing, and equipping a public school on acquisition of a building to be used as a public school by the District or the acquisition of land for the District."

4. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District.

5. To transact any other business that may legally come before said meeting.

## SOUTH HAMPTON TOWN REPORT

### REPORT OF SUPERINTENDENT

To School Board Members:

The following is presented to you in the form of my fifth annual report:

All of us have used the term "generation gap" in our discussions related to the problems of society today. Another term not frequently heard is the "information gap" which is prevalent in our nation and its network of smaller communities. What we, as educators, think our schools should be doing and what the general public thinks about the schools' role represents a wide educational information gap. What you think about today's education — it's many faceted problems, objectives and outcomes is important. We should be concerned, those of us in education, that we hear your voices, your opinions, indeed your thoughts aimed at solutions to the very complex problems we all face in educational circles.

The truth of the matter is that we haven't been communicating very well — either of us — the educators nor the general public. We do not hear the voices of the few who tell annually that we are the "big spenders" and that we are careless administrators. Some people forget that we too are taxpayers. We get concerned about the high cost of living just as you do. However we do have to present the bill to the taxpayer in anticipation of keeping the schools open year after year. We are experiencing slow but steady growth in our enrollment which is difficult for some to believe. As enrollment increases there is a rippling effect upon staff needs, student and teacher supplies, textbooks, etc., etc.

The Supervisory Union as of November 30, 1971 is as follows:

District	Enrollment
Hampton	1544
Hampton Falls	156
New Castle	69
North Hampton	533
Rye	553
Seabrook	562
South Hampton	105
Winnacunnet	1023
<b>TOTAL</b>	<b>4545</b>

In 1963 the enrollment breakdown by district looked like this:

## SOUTH HAMPTON TOWN REPORT

District	Enrollment
Hampton	1319
Hampton Falls	121
New Castle	61
North Hampton	426
Rye	548
Seabrook	385
South Hampton	80
Winnacunnet	804
<b>TOTAL</b>	<b>3744</b>

Predicting pupil enrollment is most difficult when one considers the particular part of the state and country in which we live. Surely we experience certain peaks and leveling off periods during a given year but we do not have to assure each pupil a desk, chair and textbook, etc. so we must anticipate the peak period or else be justly accused of improper planning.

It is important to ask yourself what has happened to educational costs since 1963, coupled with the sharp advance made in salaries during this period. To cite an example, the minimum teacher's salary in 1963-64 approximated \$4200 per year with a maximum of about \$6500. Currently (1970-71) the Supervisory Union-wide teacher's minimum is \$6300, maximum \$10,250!

When the school board presents its annual operating budget proposal to citizens, rest assured they have come to grips with spiralling costs and increased tax rates. These budgets have been essentially of the "bare bone" variety to keep the roof overhead so to speak. The board members would be the first to admit that many well-intentioned items were cut by board members themselves to keep the budget within reach.

I feel it important to report to you at this time some highlights of the excellent programs currently in effect in this union. The quality of our educational offering is something that you should be proud of indeed.

Title I continues to be one of the few federal programs which has full funding.

This year (1970-71) in Supervisory Union No. 21, the total budget is \$37,055.00. This is broken down into the following allocations:

Hampton	\$15,343.00
Hampton Falls	289.00
New Castle	0
North Hampton	2,171.00
Rye	8,106.00

## SOUTH HAMPTON TOWN REPORT

Seabrook	6,514.00
South Hampton	0
Winnacunnet Cooperative	4,632.00

---

TOTAL	\$37,055.00
-------	-------------

The staff consists of the following personnel: One director who also functions as an educational adjustment counselor, one full-time counselor, one part-time educational analyst, one full-time secretary, and six part-time teacher aides.

The staff will expand after January 1, 1970 to include one more part-time counselor and six more teacher aides. Many of the teacher aides are volunteers from the University of New Hampshire who are experiencing field training in the field of counseling, social service, or special education.

The Title I program includes all grade levels within the Supervisory Union (Kindergarten through grade 12). The Title I personnel are working with students who are potential non-learners due to one or a combination of the following reasons:

1. learning disability
2. social adjustment
3. emotional adjustment

The individual or group of students are evaluated by a qualified examiner using standardized tests and testing procedures. If the child in question needs help in the visual-motor area, this can be accomplished by either a part-time aide or by a counselor working with the classroom teacher. The child's parents also become involved through conferences with the teacher, counselor, or aide.

A counselor will, at the same time, try and relieve any social or emotional problem the pupil may have which is causing school failure. This is done primarily through counseling and conferences with parents and/or school personnel. If considered severe enough, the problems will be referred to an outside agency. Problems which can be relieved through counseling will be taken care of by a staff counselor. There is one counselor working as a liaison person between school, parent and outside agencies.

The Instructional Materials Center began its fifth year of service to teachers within Union 21 schools this summer. The new custom-designed quarters on the lower level of the Administration Building have provided very practical facilities for handling of materials, media production, and in-service training activities. More orders are being handled each year, more teachers dropping in to preview and select their needs, and more original local products and duplications are being carried out here.

Two special awards were provided through the State De-

## SOUTH HAMPTON TOWN REPORT

partment of Education this year. A Title II grant for Exemplary Library Materials Centers was utilized to expand the loan collection in media for individualized instruction; these materials included over 300 lessons on the modern tape cassette format. Other items added to the library through continued federal funding include many books, films, transparencies, models, and media kits. This regular Title II allocation has been doubled for the coming year.

A second special award was granted from a proposal submitted under the Title V program. This provided for in-service training of teachers in local production of audio-visual materials. Twelve Building Coordinators participated in a one-week workshop held in late June; these trained teachers are forming a valuable network to assist administrators and faculties in each building during the school year. An evening course, accredited by the N.H. State Department of Education, was offered by the IMC during the fall semester. Twenty teachers were enrolled in the twelve-week program which saw them working on films, slides, tapes and evaluating other programs already available through the loan collection.

This year the Center became a duplication facility for videotaped training programs from the NHN Educational TV network. Other services which are being continued include AV workshops within the schools and professional visitations for individual teachers on scheduled days. Deliveries to all Union 21 schools are made three times per week and the teachers are kept informed about what's new via a quick reference catalogue — now some 135 pages — and a monthly newsletter. In keeping with the original IMC policy for working with other educational and cultural organizations, the Center has been assisting such groups as town libraries, historical societies, conservation commissions, and civic departments. Visitors are always welcome at the IMC.

Supervisory Union No. 21 is the only Union in the State of New Hampshire who has voted to have all Title II money under the Elementary and Secondary Education Act of 1965, which covers library services, spent at a central location and thus made available to all students and teachers through the I.M.C. We have just received our sixth grant through the State Department in the amount of \$5,139. The previous five grants have amounted to \$25,250.45. This money is spent by a Title II Advisory Committee made up of one person from each of the twelve schools who present recommendations from teachers and administrators. These are reviewed by the staff at the I.M.C. and purchases are made from the list throughout the year. We now have over 10,000 books and audio-visual materials (film-

## SOUTH HAMPTON TOWN REPORT

strips, tapes, slides, study prints, 8mm films and models) available for all to use on a loan basis K-12.

As we study the financial structure of our schools it seems appropriate to share some statistics with you. The local effort in the support of school will not surprise you but when you consider the state support provided local communities in comparison to our sister states in New England you may be a bit surprised.

### \*Sources of Finance for Public Elementary and Secondary Schools

New England 1968-69 (Amounts In Billions)

	Local Gov't		State Gov't		Federal Gov't	
	Amt.	%	Amt.	%	Amt.	%
Connecticut	\$365.0	64.3	\$178.0	31.3	\$25.0	4.4

Vermont	55.8	66.2	25.0	29.7	3.5	4.2

\*Extracted from H.E.W Office of Education Table 70, Page 56.

The following is a listing of those programs that are funded in part by the N.H. State Legislature. However it should be understood that the N. H. State Department of Education in its budget requests for 1970-71 asked for full implementation of these programs but what is finally appropriated (in most instances) falls far short of being realistic.

### N.H. STATE SUPPORT

Program	Appropriated 68-69	Requested 70-71	Appropriated 70-71	
Foundation Aid	\$4,275,000	\$27,281,476	\$5,409,448

## SOUTH HAMPTON TOWN REPORT

I have a deep sense of personal pride in the accomplishments of your schools over the past five years. No one can honestly say that we have discouraged teachers and students from trying out newer techniques. For one to say that we believe in the "status quo" would be a misstatement indeed. We have maintained an open door policy regarding problems of all types. There have been some mistakes perhaps but these were not repeated and we do profit by occasional failures. I have a high regard for the professional abilities of my colleagues and can truthfully say that teacher morale in Union 21 is of the highest order. Early and sparse results of recent achievements tests indicate to me that our students are performing with distinction as we study the national scores. The increased number of staff who have earned credits beyond their present degree must be considered exemplary. Such self improvement can only mean improved instruction to students. Nothing is perfect, and we do need to consider some improvements. My report to you should not be misconstrued so as to indicate that all is "rosy." I personally feel that those districts not offering public kindergarten need to gear themselves for this in the next couple of years. Research proves that a child's age of inquiry and curiosity reaches its peak between three and seven years.

Counseling services at the local elementary level must come to Union 21 soon.

Building programs need voter endorsement in several of the districts without delay.

We must get behind a well-planned concerted effort to provide (from the State level) for the emotionally disturbed children whose number increases each year. Other state supported assistance programs need full implementation to help relieve the burden of the local taxpayer.

Public elementary and secondary education in New Hampshire needs to be placed on a high priority list by those who allocate funds from the state level. We should not be satisfied with anything less.

Respectfully,

PAUL L. O'NEIL

Superintendent of Schools

## SOUTH HAMPTON TOWN REPORT

### LIBRARY TRUSTEES REPORT

During 1970 your Library Trustees continued to work with Mrs. Fraser, Librarian, in expanding and improving the library services for the town.

A collection of L.P. Record Albums was catalogued and made available for the first time. The response to the new service was quite enthusiastic and an item has been included in the 1971 budget to purchase more albums.

Mrs. Donald Miller again attended meetings of the Southeast District Advisory Council of the Statewide Development Program. We note here that several South Hampton residents have applied for and received their State-wide Borrower's Card thus enabling them to borrow books from any participating library in the state.

It was with extreme reluctance the trustees accepted the resignation of Mrs. Fraser effective January 1, 1971. During ten years of devoted service Mrs. Fraser has been the prime-mover in developing your Library into one of the finest in the State of New Hampshire. We wish to thank her and commend her for the excellent work she has accomplished and to wish her well in the years to come.

The Trustees acknowledge and thank the Friends of the Library for their help and all others who have so generously contributed, during 1970, gifts of books and money and time.

Respectfully submitted,

WALTER A. ROSS, JR.  
RUTH S. MILLER  
NATALIE E. BLINN
